Attachment(s): [MFA - Multi-Factor Authentication.pdf](#)

The purpose of this briefing is to alert Principals and teachers to the last phase of the District's Multi-Factor Authentication (MFA) security initiative which will begin on Wednesday, September 14, 2022.

- Beginning on Tuesday, September 13, 2022, teachers will be required to MFA when accessing Microsoft email when off-campus or using a personal device.
- In February 2022, VPN users began to register for and be challenged by MFA. Since then, staff from all district offices and Regions have used this security method as an added layer of security that requires users to prove their identity using two or more verification “factors” to gain access to a resource such as an online account, application, or initiating a VPN connection.
- Beginning on September 13, 2022, teachers will be included in the MFA process based on the following schedule, beginning with the Region with the largest number of teachers:
 - **North Region: Wednesday, September 14**
 - South Region: Wednesday, September 21
 - Central Region: Wednesday, September 28
 - Substitute teachers: Wednesday, October 5
- Each Region will receive an email one week in advance of the activation.
- To prepare, Principals may wish to review Weekly Briefing #32125 which provides a report detailing the MFA Registration status for staff.
 - Several registration statuses are displayed (e.g., Authenticator App, Text Message, Phone Call etc.).
 - Employees with the status “NONE” have not yet registered for MFA
 - Access the new report from the Employee Portal:
 - Reports Tab
 - Technology Section
 - MFA Registration Status
 - The report includes the percentage of staff who have registered within the location.
- To assist staff with registration, webpage with a user guide and FAQ, along with buttons and links for quick access to MFA tools.
 - ITS has provided a desktop shortcut on all district machines (labelled Password Information).
 - If you cannot find the short cut, you may use this link <https://miamidadeschools.sharepoint.com/sites/AUTHFAQ>
- Currently MFA is used to verify identity when access District email. However, later this school year, MFA will also be required when accessing the Electronic Gradebook and SAP from off-campus or from a personal device
- Please ensure your staff is registered and prepared.

- Includes direct and uninterrupted travel to and from such activities in a vehicle designated by the Policyholder and to or from the student's residence to attend regular Policyholder sessions.

What is the Financial Aid Shopping Sheet? How is it intended to be used?

VA 1.1

The Financial Aid Shopping Sheet is a consumer tool that is designed to simplify information that prospective students receive about costs and financial aid so that they can make informed decisions about which postsecondary institution to attend.

The form can be viewed at http://collegecost.ed.gov/shopping_sheet.pdf.

The shopping sheet is also a requirement of the VA process.

FA 1.1 Single Audit Report: Uniform Guidance

Please be reminded of the Financial Aid Findings for the fiscal year ending June 30, 2021, to ensure we do not repeat. As I begin my compliance visits, I will start reviewing procedures addressed during the last audit. (i.e., COD reporting, ISIR verification, R2T4 procedures, accurate reporting in NSLDS). Should you need a copy to review, please let me know.

The 2022 FSA Training Conference (FSATC) for Financial Aid Professionals will be held virtually, Nov. 29 – Dec. 2, 2022. This year’s conference will offer 33 unique sessions on the latest policy updates about Title IV activities and initiatives, including information about ED’s regulatory efforts, major operational updates, and reminders. While this is a virtual conference, plan for your FOAs and Financial Aid staff to attend in-person work group training sessions hosted at various school sites.

FA 1.4 Transition to the Unique Entity Identifier (UEI) (08/09/2022)

On April 4, 2022, the General Services Administration (GSA) began using the Unique Entity Identifier (UEI) as the authoritative identifier for all entities doing business with the federal government and discontinued using the Data Universal Numbering System (DUNS) Number. All technical colleges should have already completed the transition to UEI numbers. More information on this topic can be found at the link below.

District Sponsored COE Training for New Liaisons and Administrators

WORKSHOP **TRAINING** DEVELOPMENT

- Beginning with the 2022 Annual Report, there will be a new timeline for the release of the Annual Report software and submission deadline. This new timeline was announced at the COE 2022 Summer Conference in July.
- *The Annual Report software will now be released in January on the Tuesday following the MLK holiday. The release date for the 2022 Annual Report software will be Tuesday, January 17, 2023.*

The submission deadline for the Annual Report will be March 1 (unless on a weekend).

The submission deadline for the 2022 Annual Report is Wednesday, March 1, 2023.

- While the software release and submission deadline have changed, the reporting period covered in the Annual Report remains the same. ***For the 2022 Annual Report: Public, Non-Public, and Registered Apprenticeships will use the reporting period of July 1, 2021 through June 30, 2022. All responses and the FTE calculation should be for this reporting period.***
- *The CPL reporting period can be different but should not end later than June 30, 2022.*
- *The guidelines for the 12-month CPL reporting period have not changed. The 2022 CPL reporting period should start where the 2021 CPL reporting period ended. Institutions should NOT use calendar year 2022 as the CPL reporting period for the 2022 Annual Report. This would not leave enough time for follow-up on Placement and Licensure.*

- The 2022 Annual Report data will be submitted to the Commission for review at their June 2023 meeting.
- We believe this change will be beneficial to our institutions. Moving the Annual Report to the beginning of the year means the report will no longer happen during the busy Fall time frame and Thanksgiving holidays. In addition, this new timeline allows more time for follow up on placement and licensure.
- Please email any questions related to the new Annual Report timeline to Kay Smarr (kay.smarr@council.org) and Joe Molmer (joe.molmer@council.org). Kay Smarr

Why T4CC?

Maintaining compliance equips you to perform your jobs well, achieve set goals, and keep customers (our students) happy.

In turn, MDCPS - Office of Postsecondary Career and Technical Education can achieve its goals (Upskill & Get There) and grow faster.

Expectations

By making sure all departments and staff (The TEAM) are working together to maintain standards, policies, and procedures we can mitigate the risk of major failures and violations.

It is EXPECTED that we use this valuable resource frequently to ensure up to date compliance.

Navigating T4CC

The screenshot displays the T4CC navigation interface. On the left is a sidebar with navigation options: 'New plan', 'Hub', 'Assigned to me', and a 'Pinned' section containing several task entries. The main content area shows a task list for '7702 SDTC: 2022-2033 Tit...' with a 'Board' tab selected. The tasks are organized by month: August 2022 and September 2022. Each month's view includes an 'Add task' button and a list of tasks with due dates and icons.
